1. Call to Order:

- A. *The Board meeting was called to order at 7:45 AM by President Crowley*
- B. *It was noted that the meeting was being recorded*
- C. *President Crowley asked Berg to do a roll call of who was attending the meeting, which he did.*

2. Approval of the November 17, 2022 meeting minutes

- A. *Wentworth made a motion to approve the November 17, 2022 meeting minutes; Cohen seconded*
- B. *President Crowley opened the floor to comments. There were no comments.*
- C. *President Crowley called for a roll call vote*
- D. *Berg did a roll call vote. The motion passed unanimously (10-0, Wentworth abstained since she was not at the meeting)*

3. Business

- A. Consideration and action on FY 2023 Long Range Capital Funding Plan including a report from the Finance Committee
 - a) *Berg reviewed the history of the agenda item. Has been on the Board agenda two previous times. Board previously approved the maintenance part of the plan. The other capital projects in the plan were postponed for further consideration by the Board*
 - b) *Hoffman reminded everyone that Finance Committee took the plan under consideration. The question she has is about process. The way CBL has approved capital projects is different than what she is used to. CBL plan is primarily authorization to search for the funding. Finding the funding takes time. She would like the Finance Committee to standardize CBL operating, balance sheet and capital plan before presenting to the Board. There has been a practice of implicitly approving the projects when approving the funding plan. She feels that before a project gets a final approval it should be reviewed more thoroughly by the Board. She understands the plan as presented is approval to seek funding but she doesn't want that to get in the way of a detailed project review by the Board before funding is spent.*
 - c) *President Crowley opened the floor to the public*
 - i) *There were no public comments*
 - d) *President Crowley opened the floor to the Board*
 - i) *Cohen agreed with Hoffman*
 - ii) *Lavanture agreed with Hoffman.*
 - e) *President Crowley proposed moving forward with approval to seek the funding but not spend it until further project review by the Board.*
 - f) *Berg clarified that the practice in the past was not one of deception it was the way business was done and if the Board wants to change the process just let staff know.*
 - g) *President Crowley agreed but felt before the current staff's tenure that there were deceptive practices and wanted to ensure that didn't repeat itself*
 - h) *Donovan views this as continuous improvement by the Board*
 - i) *Wentworth reinforced that the new process would improve on the recent practices by the Board and staff.*
 - j) *Cohen agreed*
 - k) *Anderson requested clarification. The Board can't direct staff to go find a million dollars then have the Board decide if it wants to spend it or not. The Board needs to say find the million dollars with the intent to spend it on the project. If it changes it will have to go back to the Board for a review.*
 - l) *President Crowley agreed but have not been given the information yet. Might have to move on for now before the Board gets that information*
 - m) *Berg agreed with Anderson. Suggested putting a dollar threshold on it and have a project review meeting once the funding is received for those projects that exceed the threshold. This way CBL can say with a straight face that the intent is to execute the project. The threshold that had been thrown around was \$1M.*
 - n) *Hoffman didn't disagree.*

- o) *Luedke agreed with Anderson but wants to better understand what the problem is that is trying to be resolved. Worried that the Board will get too much in the detail. Supports the dollar cap.*
 - p) *Hoffman clarified that the maintenance part of the plan is not part of this discussion. She is prepared to approve the seeking of funds but moving forward with a project would be subject to a detailed plan for the expense.*
 - q) *Luedke didn't understand limiting the staff from seeking any funding. Can't come up with details of a project without the funding.*
 - r) *Donovan asked Berg if this would restrict him from doing his job*
 - s) *Berg replied yes.*
 - t) *Donovan asked Berg what he needs from the Board.*
 - u) *Berg replied that it has worked very successfully in the past. Allowed CBL to be agile and flexible with everchanging funding landscape. There of course would be and have been reviews for larger projects like a new vessel. Various checkpoints along the way like Preliminary design reviews. These are necessary. Last 12 years extremely successful in getting funds for CBL, over \$60M.*
 - v) *Donovan wanted to be clear that Board just wants to be involved in the spending aspect*
 - w) *Luedke clarified that it is in the spending aspect not the seeking aspect.*
 - x) *Wentworth asked for clarification of what is being asked in a proposed motion.*
 - y) *Luedke asked Hoffman for a concise motion.*
 - z) *Hoffman reported she was prepared to vote in favor of the motion to move forward. Don't have a clear consensus today on how to move forward but she hopes there is a consensus that the Board wants to work together to improve processes which is important.*
 - aa) *President Crowley asked if there was a motion*
 - bb) *Donovan made a motion to approve the FY2023 long range capital as presented; Wentworth seconded*
 - cc) *President Crowley opened the floor to public comments.*
 - i) *Chess sees the distinction between raising the money and the details of the plan. Feels there should be input into the plan. In the future there should be a discussion before something is built.*
 - ii) *Berg pointed out the 800-pound gorilla in the room is vessels. Reminded everyone that even though not everyone agreed with the result there was a very detailed process for the new peaks vessel with public input and check ins with the Board. The same will be done with the Down Bay vessel. To start that process, need to hire a naval architect to listen to feedback to come up with a preliminary design. We are ready to start that process right now. All the statements about this saying this hasn't been done in the past are incorrect.*
 - dd) *President Crowley opened the floor to Board comments. There were no comments.*
 - ee) *President Crowley called for a roll call vote*
 - ff) *The motion passed (8-2, Cohen and Lavanture voted against, and Radis had left)*
- B. Consideration and action authorizing the Board President and General Manager to cosign and send a letter on behalf of the Board regarding significant concerns about drug use and inappropriate behavior from the public at the District's facility.
- a) *Luedke gave an introduction. Several Down Bay parents have complained about drug use and inappropriate behavior around their school children at the terminal waiting area and in the bathrooms. He FOAA'd the dispatch call history. 254 calls for service to the police department. He would like the Board to send a letter requesting police presence at the terminal when school children are present.*
 - b) *President Crowley asked if there is a motion*
 - c) *Luedke made a motion to authorize the Board President, to sign on behalf of the Board, and along with the General Manager to send a letter to the City expressing concern about the safety at the terminal and requesting an increase of police service to Casco Bay Lines during the morning and afternoon commute hours. Hoffman seconded.*

- d) Hoffman appreciated the work and discussion that occurred during the Operations Committee meeting and would have suggested sending the data Luedke received to the Board for consideration.
- e) President Crowley opened the floor to public comments
 - i) There were no public comments
- f) President Crowley opened the floor to Board comments
 - i) Donovan had two things. 1) At the Ops meeting staff shared the details of their efforts to try and get more security presence onsite and 2) Once the letter is drafted Long Island would be willing to sign the letter
 - ii) Anderson agreed with Donovan that this letter is not the only thing that is being done, staff is working other angles. He felt it would be very helpful to have the islands of Chebeague and Long Island co-sign.
 - iii) President Crowley added that the data sent to Luedke was only for police calls and did not include fire department calls. So, the actual number of calls to the terminal was higher.
- g) President Crowley called for a roll call vote
- h) The motion passed unanimously (10-0, Radis had left)

4. Workshops

- A. There were no workshops

5. General Information Reports

A. Financial Report

 - vii) Improve timeliness of monthly financial statements, deliver to Finance Comm by end of each subsequent month
- b) A draft RFP was sent to Finance Committee and is being reviewed. Authorized staff to proceed with compliance audit with long term auditor but will compete it for 2023 audit. There was an update on the search for the Director of Finance/HR. Reviewed FY2022 year end financials. Also want to work on reducing the operating deficit for future years.

B. Committee Reports

- a) Finance Committee report was given as part of the financial report.
- b) Mavodones was asked to give a report on the Operations Committee meeting.. Two items on the agenda 1) Terminal safety which was discussed earlier in this meeting and 2) Presentation by Revision energy on solar options. Not a proposal more of an overview of what they do. There was a discussion on energy usage and electrical rates. Only action item was recommending the letter to the City regarding safety.

C. Staff Reports

- i) Berg gave an updated status on the Finance Director search. Currently down to 2 finalists who are in second round of interviews. Hope to make a decision before the end of the year. He also gave an update of ARPA funding.

8. Directors Comment

- A. President Crowley opened the floor for Director comments on items not on the agenda
 - a) *There was discussion about supply chain issues*
 - b) *Donovan thought the Board should consider updating the KPFF report since so much as changed since the original report. He thinks there should be public input before hiring a naval architecture.*
 - c) *It was suggested to add a schedule discussion to the upcoming Board's retreat*
 - d) *Hoffman agreed with Donovan's suggestion to get public and staff input prior to hiring a naval architect*
 - e) *Berg suggested it would be a good discussion for the Board retreat but personally felt it was invaluable to hire the naval architects prior to the public and staff discussions.*
 - f) *Mavodones reminded everyone that the selection of the Naval Architects is based on qualifications*
 - g) *Pottle reminded everyone that for the Peaks Island vessel replacement there was a vessel advisory committee meeting prior to bringing on a naval architect. The selected naval architects joined for the second committee meeting. A vessel advisory committee should be created for the down bay vessel and it should have a kickoff meeting prior to bringing on a naval architect. There is an RFP ready to go out and funding is in place.*
 - h) *Wentworth agreed with getting crew input on the down bay schedule.*
 - i) *Mavodones reminded everyone that crew was involved with KPFF schedule and Peaks replacement vessel*
 - j) *A discussion about an upcoming Board retreat followed.*

5. General Information Reports

A. Financial Report

- a) *Hoffman reported that the Finance Committee met the day before and reviewed financials for October and November. Finance committee discussed the need to improve the timeliness of the financial reporting with a goal of receiving them by the end of the following month. Finance committee also discussed the audit process for the new independent full financial audit approved by the Board. In view of the various objections raised she decided, with the backing of the Finance Committee and discussions with Dave, would be best served by taking the selection of the new auditor from Management and running a small efficient, quick, legal process as Treasurer/Finance Committee can be efficient and assure objectivity. She believes there are numerous audit firms able to do the work and do a finance audit as well. She was extremely grateful to Higgins and his audit experience. President Crowley and she are meeting with Counsel later in the day to make sure everything is proper. She will come forth with a proposal for criteria and a process and will keep the entire Board informed.*
- b) *Luedke asked if the Finance Committee will be voting on the selection of the firm. Hoffman reported they will talk with Counsel on the exact methodology. There are two questions; Governance and how best to affect this. She is the Treasurer so she is the senior finance officer of the CBL and what is the correct way to do this, so she cannot answer the question yet.*
- c) *Luedke asked if the committee considered that the Board needs to vote on and approve. Hoffman: "Same answer"*
- d) *President Crowley concurred they were meeting with Counsel to ensure they were doing everything right*
- e) *Berg reported that the Finance committee did not vote on this, so it was an action taken by the Treasurer. He also cautioned the Board in making this move, it puts the Board/District at risk of not being compliant with FTA regulations. He didn't believe anyone in the room today understood the regulations except staff and Higgins. Felt it was his obligation to warn the Board. He doesn't know what counsel is being used because he just became aware of this change yesterday. He strongly encouraged that the District Counsel be involved from that start.*
- f) *President Crowley shared that Council reached out to him after he was elected and offered any assistance if needed and when this came up he did not know the answer so he reached out to Counsel, John Lightbody (Murray Plum and Murray). Berg explained the District uses two legal firms depending on what the issue is. Berg raised another concern of the authority that individual Directors have in spending District funds without approval by the Board.*
- g) *Wentworth asked about the firm being used for this. Crowley replied it is Murray, Plumb and Murray. Berg shared that for something like this CBL typically uses Melissa Hewey of Drummond Woodsum. Berg shared that this was all new to him, so he was raising some caution for the Board to be aware of*

- h) *Anderson asked for clarity on Berg's second point; wants to understand the exposure the Board may have based on the questions of the ability of individual Director's authorization to spend District funds.*
- i) *Hoffman shared that she feels the District is at risk; financials are not something we can have confidence in. She stated that there has not been a financial audit for a long time, if ever. She does not have confidence in the financials and has major questions on the financials and the thing that auditors look at which is the governance process, rules and policies. She felt that is something the District is at risk for. She takes Berg's comments in the context of all of his comments, he has had a very long pattern of objections, delays and resistance. Everybody's questions are good questions, and it is appropriate for the Board to ask questions. She is committed to seeing this through. Extremely worried about them.*
- j) *Berg took exception to being publicly accused of blocking things and he requested evidence of the accusation. He reported that not only did staff not block it, instead they made an extra effort to deliver a draft RFP to the committee for review before the holiday when it was asked for. It has been four weeks with no feedback since the committee meeting. Also, reminded everyone that there is a financial audit done annually as part of the compliance audit. The Board voted on continuing the compliance audit while approving another independent financial to be done in parallel.*
- k) *Luedke agreed and didn't understand why the Treasurer/Finance Committee changed direction on its own.*
- l) *Higgins thought by the end of the Finance meeting the compliance audit was going to continue and Berg was going to contact the firm to get draft audit by first of June. Supports the separate financial audit. He also had a comment on the RFP about the trial balance.*
- m) *Berg replied that unless the Board votes to stop the compliance audit it will continue. He also reported he talked with Smith and they committed to meeting a mid-May date for availability of a draft audit.*
- n) *Donovan agreed with Higgins recollection of the how it was left with the Finance committee. He felt by continuing with the compliance audit eliminates risk with FTA. Berg clarified that the risk he was referring to earlier was the risk of compliance with the process to select the new auditor. Donovan said that was addressed by the Finance Committee by having a discussion with counsel to make sure it is being done right. Berg noted the counsel selected does not have experience with FTA. Donovan brought up the concern about authorization to spend funds. Donovan asked Berg if he has concerns with President & Treasurer having a discussion with counsel. Berg replied that he would not have selected MPM for this but was only identifying potential risk and that he felt was his obligation.*
- o) *Cohen thought it was important that the Board have access to counsel, and she supports seeking counsel on this matter.*
- p) *Hoffman cautioned the Board not to be taking legal advice from Berg. Nothing she said earlier contradicts what Higgins and Donovan said. At the time she didn't realize RHR Smith was doing a financial audit, she thinks CBL needs to get rid of Smith. She doesn't believe they are objective or very thorough. She conceded to continue to use Smith for this year. The two audits are linked. But need to make sure have objective auditors. There is a possibility that a second compliance audit will be required, just do not know at this time. Need to make sure cash and assessment of cash needs to be looked at. Berg's point about who is the right counsel is valid. She was not sure any of the counsels the District was right. That is question number 1.*
- q) *Cohen shared that last year she had one on one conversations with counsel, She would like clarification of what the process for legal counsel is.*
- r) *President Crowley stated that he reached out to the only firm that contacted him right after the election. Berg suggested again that they talk with Drummond Woodsum for these questions and if he had been asked that would have been his recommendation. Hoffman said the first question to counsel is can they be objective and not in the pocket of Hank. Berg took exception to that accusation and again asked for evidence.*

- s) *President Crowley asked that people stick with facts and not opinions.*
- t) *Wentworth agreed that a lot of opinions were being expressed without factual basis. There is no factual information for some people to be speaking as they are speaking. Communication is key between GM and President. She wants to know that not just the President is covered but that the other Directors are as well because the President and the Treasurer are doing this without the rest of the Board. There have been a lot words that are very accusatory and for that she holds them accountable.*
- u) *President Crowley will contact MPM to ask how appropriate they are for these issues. Hoffman suggested to still hold the meeting and ask the question first thing.*
- v) *Luedke wants to fully understand what happens and to make sure they are not liable*

B. Committee Reports

- a) *Finance Committee report was given as part of the financial report.*
- b) *Anderson reported that the Operations Committee discussed three things: 1) Summary of safety issues and they identified one pattern in the injury reports which was most reports were made by seasonal hires and training was then discussed, The Committee requested quarterly updates to look for trends and report to the Board accordingly. 2) Terminal safety and the desire for external intervention to help. Letter was sent to City Council. Only one security vendor has responded. There was a meeting with the City. This problem is not unique to CBL. City has a lack of resources. 3) Down Bay schedule. 2ish months to make decision if there is going to be any changed. Tasked a sub-committee of Down Bay Directors and staff to make recommendations to Ops Committee of any changes to the summer schedule. Radis asked if there was a commitment from the city for regular patrols. Mavodones reported the Chief of Police committed to more presence unless they get called away. Also met with police staff. Police are down 27 people. Cohen asked if there was a contingency plan. Mavodones replied staff is checking rest rooms during school time. Part of spring training will be de-escalation. Gildart gave an overview of what Operations Agents do in response to issues. Donovan noted he is chairing the ad hoc sub-committee and asked to have passenger injuries and freight complaints be included in the quarterly report to operations committee. Luedke thanked Crowley and Berg for the letter.*

C. Staff Reports

- i) *Berg reminded Board he will be attending the annual Passenger Vessel Association annual meeting and will be out of the office 2/1-2/7*
- ii) *Pottle gave an update on the pier extension and new vessel. He also gave an update on the Transit Asset Management plan which is required to be updated every four years.*
- iii) *Mavodones gave an update on the Great Diamond Island float and dry dock status.*
- iv) *Cohen asked about way finding signs and Pottle gave an update.*

Appendix B

FTA Fiscal Year 2023 Certifications & Assurances

The Federal Transit Administration (FTA) annually publishes a consolidated list of all Certifications and Assurances that apply to its financial assistance programs. An applicant for financial assistance typically must execute current Certifications and Assurances in any year in which it applies for an award or an amendment to an existing award.

The 2023 Certifications and Assurances are posted on FTA's [website](#). Execution is accomplished electronically in FTA's [Transit Award Management System \(TrAMS\)](#). This document is a “redline” version showing changes between the 2023 and 2022 versions. It is provided as a convenience to the reader.

Among other changes, this year the Certifications and Assurances highlight the role safety committees and frontline worker representatives play in developing a Public Transportation Agency Safety Plan (PTASP). Of particular note, an applicant applying for assistance under 49 U.S.C. § 5307 that serves an urbanized area with a population of 200,000 or more must be able to certify that the safety committee of the entity, followed by the board of directors (or equivalent entity) of the applicant, has approved the PTASP and any updates. In addition, each applicant serving an urbanized area with a population of fewer than 200,000 must certify that it has developed the PTASP in cooperation with frontline employee representatives.

Finally, for more information on how FTA plans to address the 2020 Census, please visit FTA's [Census Website](#). The effects of the new 2020 Census boundaries will be reflected in FTA's FY 2024 apportionments. FY 2023 apportionments will be unaffected.

Any questions regarding the Certifications and Assurances, including questions about compliance with the new PTASP requirements, should be directed to the FTA [regional office](#) for the region in which the applicant is located.

This certification does not apply to any applicant that only receives financial assistance from FTA ~~exclusively~~ under the Formula Grants for the Enhanced Mobility of Seniors Program (49 U.S.C. § 5310), the Formula Grants for Rural Areas Program (49 U.S.C. § 5311), or

Commented [A2]: Edits to this certification were made to simplify the certification and its instructions, to bring certification text closer to statutory and regulatory text, and to emphasize the requirement, added by the Infrastructure Investment and Jobs Act, for recipients serving large urbanized areas to have safety committees consisting equally of representatives of frontline employees and management, which must approve Public Transportation Agency Safety Plans and updates.

In addition, edits clarify that while a State must draft a Public Transportation Agency Safety Plan for each Small Public Transportation Provider that does not opt to develop its own plan, the State is not responsible for updating the Public Transportation Agency Safety Plan for the provider.

combination of these two programs, unless it operates a rail fixed guideway public transportation system.

If the applicant is an operator, the applicant certifies that it has established a ~~Public~~ ~~Transportation~~ ~~Agency~~ ~~Safety~~ ~~Plan~~ meeting the requirements of 49 U.S.C. § 5329(d)(1) and 49 CFR Part 673; including, specifically, that the board of directors (or equivalent entity) of the applicant has approved, or, in the case of an applicant that will apply for assistance under 49 U.S.C. § 5307 that is serving an urbanized area with a population of 200,000 or more, the safety committee of the entity established under 49 U.S.C. § 5329(d)(5), followed by the board of directors (or equivalent entity) of the applicant has approved, the Public Transportation Agency Safety Plan or any updates thereto; and, for each recipient serving an urbanized area with a population of fewer than 200,000, that the Public Transportation Agency Safety Plan has been developed in cooperation with frontline employee representatives.

If the applicant is a State that drafts and certifies a Public Transportation Agency Safety Plan on behalf of a public transportation operator, the applicant certifies that:

- (a) It has drafted and certified a ~~Public~~ ~~Transportation~~ ~~Agency~~ ~~Safety~~ ~~Plan~~ meeting the requirements of 49 U.S.C. § 5329(d)(1) and 49 CFR Part 673 for each ~~Small~~ ~~Public~~ ~~Transportation~~ ~~Provider~~ (as that term is defined at 49 CFR § 673.5) ~~within~~ the State, unless the ~~Small~~ ~~Public~~ ~~Transportation~~ ~~Provider~~ provided notification to the State that it was opting out of the State-drafted plan and drafting its own ~~Public~~ ~~Transportation~~ ~~Agency~~ ~~Safety~~ ~~Plan~~; and
- (b) Each ~~Small~~ ~~Public~~ ~~Transportation~~ ~~Provider~~ within the State ~~has that opts to use a State-drafted~~ ~~Public~~ ~~Transportation~~ ~~Agency~~ ~~Safety~~ ~~Plan~~ has a plan that has been approved by the provider’s Accountable Executive (as that term is defined at 49 CFR § 673.5) ~~and~~ Board of Directors or Equivalent Authority (as that term is defined at 49 CFR § 673.5), and, if the Small Public Transportation Provider serves an urbanized area with a population of 200,000 or more, the safety committee of the Small Public Transportation Provider established under 49 U.S.C. § 5329(d)(5).

CATEGORY 9. FORMULA GRANTS FOR RURAL AREAS.

If the applicant will apply for funds made available to it under the Formula Grants for Rural Areas Program (49 U.S.C. § 5311), it must make this certification. Paragraph (a) of this certification helps FTA make the determinations required by 49 U.S.C. § 5310(b)(2)(C). Paragraph (b) of this certification is required by 49 U.S.C. § 5311(f)(2).  - (2) It has determined that otherwise eligible local transit needs are being addressed.

CATEGORY 10. FIXED GUIDEWAY CAPITAL INVESTMENT GRANTS AND THE EXPEDITED PROJECT DELIVERY FOR CAPITAL INVESTMENT GRANTS PILOT PROGRAM.

If the applicant will apply for an award under any subsection of the Fixed Guideway Capital Investment Program (49 U.S.C. § 5309), including an award made pursuant to the FAST Act's Expedited Project Delivery for Capital Investment Grants Pilot Program (Pub. L. 114-94, div. A, title III, § 3005(b)), the applicant must make the following certification. This certification is required by 49 U.S.C. § 5309(c)(2) and Pub. L. 114-94, div. CATEGORY 11. GRANTS FOR BUSES AND BUS FACILITIES AND LOW OR NO EMISSION VEHICLE DEPLOYMENT GRANT PROGRAMS.

If the applicant is in an urbanized area and will apply for an award under subsection (a) (formula grants), subsection (b) (buses and bus facilities competitive grants), or subsection (c) (low or no emissions grants) of the Grants for Buses and Bus Facilities Program (49 U.S.C. § 5339), the applicant must make the certification in Category 8 for Urbanized Area Formula Grants (49 U.S.C. § 5307). This certification is required by 49 U.S.C. § 5339(a)(3), (b)(6), and (c)(3), respectively.

If the applicant is in a rural area and will apply for an award under subsection (a) (formula grants), subsection (b) (bus and bus facilities competitive grants), or subsection (c) (low or no emissions grants) of the Grants for Buses and Bus Facilities Program (49 U.S.C. § 5339), the applicant must make the certification in Category 9 for Formula Grants for Rural Areas (49 U.S.C. § 5311). This certification is required by 49 U.S.C. § 5339(a)(3), (b)(6), and (c)(3), respectively.

Making this certification will incorporate by reference the applicable certifications in Category 8 or Category 9.

If the applicant will receive a competitive award under subsection (b) (buses and bus facilities competitive grants), or subsection (c) (low or no emissions grants) of the Grants for Buses and Bus Facilities Program (49 U.S.C. § 5339) related to zero emissions vehicles or related infrastructure, it must make the following certification. This certification is required by 49 U.S.C. § 5339(d).

The applicant will use 5 percent of grants related to zero emissions vehicles (as defined in subsection (c)(1)) or related infrastructure under subsection (b) or (c) to fund workforce development training as described in section 49 U.S.C. § 5314(b)(2) (including registered apprenticeships and other labor-management training programs) under the recipient's plan to address the impact of the transition to zero emission vehicles on the applicant's current workforce; or the applicant certifies a smaller percentage is necessary to carry out that plan.

CATEGORY 12. ENHANCED MOBILITY OF SENIORS AND INDIVIDUALS WITH DISABILITIES PROGRAMS.

If the applicant will apply for an award under the Formula Grants for the Enhanced Mobility of Seniors and Individuals with Disabilities Program (49 U.S.C. § 5310), it must make the certification in Category 8 for Urbanized Area Formula Grants (49 U.S.C. § 5307). This certification is required by 49 U.S.C. § 5310(e)(1). Making this certification will incorporate by reference the certification in Category 8, except that FTA has determined that (d), (f), (i), (j), and (k) of Category 8 do not apply to awards made under 49 U.S.C. § 5310 and will not be enforced.

In addition to the certification in Category 8, the applicant must make the following certification that is specific to the Formula Grants for the Enhanced Mobility of Seniors and Individuals with Disabilities Program. This certification is required by 49 U.S.C. § 5310(e)(2).

The applicant certifies that:

- (d) If the applicant will allocate funds received under 49 U.S.C. § 5310 to subrecipients, it will do so on a fair and equitable basis.

CATEGORY 13. STATE OF GOOD REPAIR GRANTS.

If the applicant will apply for an award under FTA's State of Good Repair Grants Program (49 U.S.C. § 5337), it must make the following certification. Because FTA generally does not review the transit asset management plans of public transportation providers, the asset management certification is necessary to enforce the provisions of 49 U.S.C. § 5337(a)(4). The certification with regard to acquiring restricted rail rolling stock is required by 49 U.S.C. § 5323(u)(4). Note that this certification is not limited to the use of Federal funds.

The applicant certifies that the projects it will carry out using assistance authorized by the State of Good Repair Grants Program, 49 U.S.C. § 5337, are aligned with the applicant's most recent transit asset management plan and are identified in the investment and prioritization section of such plan, consistent with the requirements of 49 CFR Part 625.

If the applicant operates a rail fixed guideway service, the applicant certifies that, in the fiscal year for which an award is available to the applicant under the State of Good Repair Grants Program, 49 U.S.C. § 5337, the applicant will not award any contract or subcontract for the procurement of rail rolling stock for use in public transportation with a rail rolling stock manufacturer described in 49 U.S.C. § 5323(u)(1).

CATEGORY 14. INFRASTRUCTURE FINANCE PROGRAMS.

These certifications are required by 49 U.S.C. § 5323(o).

Making this certification will incorporate the certifications in Categories 8, 10, and 13 by reference.

CATEGORY 15. ALCOHOL AND CONTROLLED SUBSTANCES TESTING.

If the applicant will apply for an award under FTA’s Urbanized Area Formula Grants Program (49 U.S.C. § 5307), Fixed Guideway Capital Investment Program (49 U.S.C. § 5309), Formula Grants for Rural Areas Program (49 U.S.C. § 5311), or Grants for Buses and Bus Facilities Program (49 U.S.C. § 5339) programs, the applicant must make the following certification. The applicant must make this certification on its own behalf and on behalf of its subrecipients and contractors. This certification is required by 49 CFR § 655.83.

The applicant certifies that it, its subrecipients, and its contractors are compliant with FTA’s regulation for the Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operations, 49 CFR Part 655.

CATEGORY 16. RAIL SAFETY TRAINING AND OVERSIGHT.

If the applicant is a State with at least one rail fixed guideway system, or is a State Safety Oversight Agency, or operates a rail fixed guideway system, it must make the following certification. The elements of this certification are required by 49 CFR §§ 672.31 and 674.39.

The applicant certifies that the rail fixed guideway public transportation system and the State Safety Oversight Agency for the State are:

- (a) Compliant with the requirements of 49 CFR Part 672, “Public Transportation Safety Certification Training Program”; and
- (b) Compliant with the requirements of 49 CFR Part 674, “State Safety Oversight”.

CATEGORY 17. DEMAND RESPONSIVE SERVICE.

If the applicant operates demand responsive service and will apply for an award to purchase a non-rail vehicle that is not accessible within the meaning of 49 CFR Part 37, it must make the following certification. This certification is required by 49 CFR § 37.77.

The applicant certifies that the service it provides to individuals with disabilities is equivalent to that provided to other persons. A demand responsive system, when viewed in its entirety, is deemed to provide equivalent service if the service available to individuals with disabilities, including individuals who use wheelchairs, is provided in the most integrated setting appropriate to the needs of the individual and is equivalent to the service provided other individuals with respect to the following service characteristics:

- (a) Response time;
- (b) Fares;
- (c) Geographic area of service;
- (d) Hours and days of service;
- (e) Restrictions or priorities based on trip purpose;
- (f) Availability of information and reservation capability; and
- (g) Any constraints on capacity or service availability.

CATEGORY 18. INTEREST AND FINANCING COSTS.

If the applicant will pay for interest or other financing costs of a project using assistance awarded under the Urbanized Area Formula Grants Program (49 U.S.C. § 5307), the Fixed Guideway Capital Investment Grants Program (49 U.S.C. § 5309), or any program that must comply with the requirements of 49 U.S.C. § 5307, including the Formula Grants for the Enhanced Mobility of Seniors Program (49 U.S.C. § 5310), "flex funds" from infrastructure programs administered by the Federal Highways Administration (see 49 U.S.C. § 5334(i)), or awards to urbanized areas under the Grants for Buses and Bus Facilities Program (49 U.S.C. § 5339), the applicant must make the following certification. This certification is required by 49 U.S.C. §§ 5307(e)(3) and 5309(k)(2)(D).

The applicant certifies that:

- (a) Its application includes the cost of interest earned and payable on bonds issued by the applicant only to the extent proceeds of the bonds were or will be expended in carrying out the project identified in its application; and
- (b) The applicant has shown or will show reasonable diligence in seeking the most favorable financing terms available to the project at the time of borrowing.

CATEGORY 19. CYBERSECURITY CERTIFICATION FOR RAIL ROLLING STOCK AND OPERATIONS.

If the applicant operates a rail fixed guideway public transportation system, it must make this certification. This certification is required by 49 U.S.C. § 5323(v), ~~a new subsection added by the National Defense Authorization Act for Fiscal Year 2020, Pub. L. 116-92, § 7613 (Dec. 20, 2019)~~. For information about standards or practices that may apply to a rail fixed guideway public transportation system, visit <https://www.nist.gov/cyberframework> and <https://www.cisa.gov/>.

The applicant certifies that it has established a process to develop, maintain, and execute a written plan for identifying and reducing cybersecurity risks that complies with the requirements of 49 U.S.C. § 5323(v)(2).

CATEGORY 20. PUBLIC TRANSPORTATION ON INDIAN RESERVATIONS FORMULA AND DISCRETIONARY PROGRAM (TRIBAL TRANSIT PROGRAMS).

Before FTA may provide Federal assistance for an Award financed under either the Public Transportation on Indian Reservations Formula or Discretionary Program authorized under 49 U.S.C. § 5311(c)(1), as amended by the FAST Act, (Tribal Transit Programs), the applicant must select the Certifications in Category 21, except as FTA determines otherwise in writing. Tribal Transit Program applicants may certify to this Category and Category 1 (Certifications and Assurances Required of Every Applicant) and need not make any other certification, to meet Tribal Transit Program certification requirements. If an applicant will apply for any program in addition to the Tribal Transit Program, additional certifications may be required.

FTA has established terms and conditions for Tribal Transit Program grants financed with Federal assistance appropriated or made available under 49 U.S.C. § 5311(c)(1). The applicant certifies that:
